# DIY STICKERS
CUT OUT TEMPLATES

SUPPLIES NEEDED:

- **CLEAN CUTTING BOARD** (preferably not wood)
- **SELF-ADHESIVE VINYL** (at least 8.5″ x 11″)
- **PENCIL**
- **SCISSORS**
- **X-ACTO® KNIFE**

INSTRUCTIONS:

1. Cut out your preferred sticker patterns from this template with scissors.

2. Trace the patterns onto the vinyl with a pencil.

3. Next, slowly and carefully trace the outline with an X-ACTO knife.

4. Gently insert the X-ACTO knife tip under an outer corner and slowly lift it from the surface.

5. Once you have the sticker lifted, apply it to your drawer. Rub it gently to help it stick.

Done! Now your kids have a visual guide for where to put away shirts, shorts, pants, underwear, socks and more. No more excuses for not handling this most basic chore!
